

Greetings Coaches and
Players!

As you know, LSC has teamed up with the Make Some Noise: Cure Kids Cancer Foundation, (www.makenoise4kids.org), dedicating our Carpini Cup to help make a difference in raising awareness and critically needed funding for cure research for childhood cancers. We are all very proud of the efforts so far, and inspired by the heartfelt support from the Livingston community.

We have a great opportunity to have a bigger impact, and wanted to share it with you!

Make Some Noise has set up an event page for the Carpini Cup through a company they subscribe to called First Giving. Every team participating in the Carpini Cup has a team already set up on the page, and every player can register, (free of charge), join their team and help spread awareness and hopefully raise some research funds too.

Every player who raises \$20, (or more), on their page gets free admission to all the games and inflatables during the Carpini Cup week end. PLUS, there are prizes for top fundraising teams, and top fundraising individuals! Top team wins a TEAM PIZZA PARTY! Top individual wins an i-pad! Stay tuned for other prizes.

To register on FirstGiving, go to this link and begin: <http://www.firstgiving.com/makesomenoise/carpini> Once registered, you can join your team from the list of teams. You can personalize the message and photos on your page, or just use what is provided. Cut and paste the link to your personal page and send it to friends, family and co-workers explaining that you are helping to raise awareness and research funds for childhood cancer. The page comes preloaded with facts about kids' cancer, and one of the foundation's awareness videos, which features Livingston's own Chemo Kid... Sydney Becker!

If every player raises at least \$20 through the FirstGiving pages, we will have raised over \$20,000 for research! Sending your pages out goes a long way to helping to spread awareness.

Did you know that the researchers in childhood cancer spend as much as 75% of their time just trying to find the money for their research? Make Some Noise is trying to speed up the research by getting more money to them faster. We can help! Let's go LSC... MAKE SOME NOISE!

Thank you!
